International Institute for Learning Launches Preferred Partner Program for PMI Chapters

PMINYC Chapter Signs on as Inaugural Member to Receive Exclusive Benefits and Rewards from Global Leader in Project Management Learning Solutions

New York, NY – April 29, 2009 – International Institute for Learning, Inc. (IIL), the global leader in professional training in Project, Program, and Portfolio Management, Business Analysis, Microsoft® Office Project and Project Server, PRINCE2™, and Lean Six Sigma, has officially launched the company's Preferred Partner Program, an opportunity for Project Management Institute (PMI) Chapters worldwide to receive exclusive benefits and discounts on training while earning revenue and recognition for their chapters.

"IIL has a profound appreciation for the efforts of PMI chapters and we have worked tirelessly to build strong relationships with our clients at this grassroots level," said E. LaVerne Johnson, Founder, President, and CEO of IIL. "It is with great excitement that we expand upon these meaningful relationships with the launch of IIL's Preferred Partner Program. We are deeply appreciative of the trust that is placed in our products and services and we invite PMI chapters to join us in empowering their members with enhanced training and valuable programs."

PMINYC, the New York City Chapter of PMI, recently signed on to become the inaugural member of the Preferred Partner Program. With its enrollment, PMINYC's 2,600-plus members will receive discounted training and the opportunity to obtain valuable PDUs at no cost. The chapter itself will receive a portion of every dollar that its members spend on training with IIL to advance their project management careers. These earnings then become profits for PMINYC to use for professional development, speaker fees, or other chapter needs.

IIL has a long history of supporting local PMI Chapters. In the last two years alone, IIL participated in over 45 Professional Development Days (PDDs); worked with chapter volunteers to place speakers at numerous PDDs, vendor fairs and chapter meetings; and partnered with 32 chapters to bring Dr. Harold Kerzner to their area—creating revenue that went directly to the local chapter.

Preferred Partner Program members will also benefit from valuable marketing opportunities to help boost membership and increase event attendance. For more information on the program or to enroll, please contact Archie Messersmith at archie.messersmith@iil.com or +1-212-515-5104.

ILL's mission is to embody three key values – **Intelligence, Integrity and Innovation** – in empowering individuals and organizations to advance their skills and abilities, increase collective knowledge and capabilities, and operate more efficiently and effectively.
